Response to Amendment

Receipt is acknowledged of applicant's amendment of January 25, 2005. Claims 1-12 are pending and an action on the merits is as follows.

Applicant's arguments with respect to claims 1, 2, 4, 5, 7-9 and 11-12 have been considered but are moot in view of the new ground of rejection.

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 1, 2, 4, 5, 7-9, 11 and 12 are rejected under 35 U.S.C. 102(b) as being anticipated by Nakazato et al. (JP 11-54680).

Nakazato discloses a heat sink comprising one or more heat pipes connected to a base member; a plurality of thermal plates connected to the one or more heat pipes at predefined intervals; an opening fashioned in each one of the plurality of thermal plates; wherein the opening allows airflow through each one of the plurality of thermal plates in a direction perpendicular to the plurality of thermal plates.

References

The prior art made of record and not relied upon is considered pertinent to

applicant's disclosure. The following references cited on the USPTO 892 discloses related limitations of the applicant's claimed and disclosed invention.

Response to Arguments

Applicant's arguments filed January 25, 2005 have been fully considered but they are not persuasive.

Applicant's states, Lofland fails to disclose or suggest "an opening fashioned in each one of said plurality of thermal plates, wherein said opening allows airflow through said each one of said plurality of thermal plates in a direction perpendicular to said plurality of thermal plates."

Nakazato discloses the applicant's claimed and disclosed limitations.

Conclusion

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of
